AGM-START BATTERY

NM46BAGM
Startbattery, AGM 12V 45Ah 370Ah

- Excellent for advanced start / stop systems with braking force recovery
- Tight, leak-proof design and position-free AGM battery
- Approved battery for cars with "Start-Stop" technology

PRODUCT DESCRIPTION

AGM batteries are designed for vehicles with a Start-Stop system. The AGM series offers as many as four times more start cycles than a conventional starter battery.

Specifications

Features

Voltage	12 V
Capacity	45 Ah
Cold Ranking Amps (CCA)	370 A

Terminals

Cell layout	1
Terminal Type	T3

Dimensions

Length	236 mm
Width	125 mm
Height	220 mm
